### **DETAILED ACTION**

1. This is in response to the amendment filed December 10, 2008. Claims 1, 3, 4, and 6 have been amended. Claims 2 and 5 have been cancelled. Claims 1, 3, 4 and 6 are pending and have been considered below.

#### ***Allowance***

Claims 1, 3, 4, and 6 have been amended with written arguments, which overcome the examiner's prior art rejection see argument of September 26, 2008. The examiner withdraws all outstanding rejections.

#### ***Examiner's Statement of reason of Allowance***

The prior art references of record do not teach or render obvious the limitations as recited in independent claims 1, 3, 4 and 6 specific such as:

The rewritable medium has a plurality of signature regions.

Whether or not a signature is registered in each of the signature regions can be checked visually.

3. When an additional signature is going to be registered, it is checked whether or not any tampering has occurred.

After it has been verified that no tampering has occurred, the signature of a certifier is registered in a visually checkable and electronically readable manner.

### *Conclusion*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance.
